

WASTE CONTRACTORS &
RECYCLERS ASSOCIATION
OF N.S.W

INTRODUCTION TO THE WASTE & RESOURCE RECOVERY INDUSTRY TRAINING WORKSHOP

The Waste Contractors & Recyclers Association of NSW (WCRA) as part of its charter to provide training and professional development to the industry is pleased to offer a workshop to introduce participants to the waste & resource recovery industry. The workshop is a 1-day event, held at our Wetherill Park training facility.

Learning outcomes

- An awareness and understanding of current waste and resource recovery policies, practices, issues and relevant environmental and WHS legislation;
- An awareness of the different types of waste and resource recovery handling, transport, processing and treatment facilities;
- Guidance as to the options available to handle various general and problematic waste streams.

Workshop Content

Workplace Health & Safety Regulations	Industry Regulators & The Regulatory Environment
Chain of Responsibility Regulations	Current Issues Impacting the Industry
Waste Classification	Waste & Recycling Handling Equipment
Waste & Recycling Processing Equipment	Waste & Recycling Treatment Facilities

Who should attend?

The workshops will provide great learning opportunities for:

- New employees;
- Graduates or trainees;
- Existing employees who may benefit from a better general understanding of the industry outside of their day to day interactions;
- Administration or other non-operational employees who may benefit from learning some of the practical aspects of the industry.

Where is and how long is the workshop?

The workshop is delivered over a 1-day session. The workshop will be delivered at WCRA's Wetherill Park training facility.

Workshop material

Each participant will be provided with a Waste and Resource Recovery Facilities Manual. This manual contains useful information on the above topics and material fact sheets addressing acceptance criteria, material handling and other relevant information for a range of materials.
