Waste Contractors & Recyclers Association of NSW

Code of Ethics

All Waste Contractors & Recyclers Association of NSW Members are required:

1. To work towards improving the environment and maintaining public health, including systems to ensure that all waste and recyclables are tipped off at lawful facilities.
2. To provide the most suitable type of vehicles and equipment applicable to each case and to ensure that all maintenance is in accordance with the manufacturer's specifications.
3. To maintain a high standard of cleanliness of vehicles in the interests of safety and to improve the public image of the industry.
4. To take all necessary steps to ensure that employees and contractors receive adequate training to enable them to deal with all forms and classes of waste material likely to be encountered and to operate with safety all forms of equipment in their charge.
5. To be professionally advised and ensure that relevant employees and contractors are trained on methods of handling, transporting and disposing of all classes of waste (inert, solid, liquid, industrial and hazardous).
6. To ensure that all operatives (whether they be employees or contractors) engaged in these activities are properly equipped with the appropriate personal protective equipment.
7. To make sure that they carry adequate Workers Compensation and Public Liability Insurance Cover, including cover for accidental pollution and where appropriate, cover for long term gradual effects.
8. To ensure that all relevant waste management awards, industrial and employment related legislation are complied with.
9. To ensure that proper and compliant WHS systems are in place and being practised.
10. To ensure that they have all relevant local government and planning approvals relating to the activities being conducted and that such approvals are being complied with.

We

hereby agree that we will abide at all times and not wittingly breach these ethics which are the Code of Ethics of the Waste Contractors & Recyclers Association of NSW.
