## *Managing Waste Resources*

Updated 28.1.21

# Benefits of Membership

- Help desk to assist employers with any general enquiries. For example road closures, public holidays, rise and fall clauses, industrial relations issues, waste classifications, disposal & recycling advice, etc
- Advice, support and representation on Industrial Relations issues. For example unfair dismissals, enterprise agreements, contractor agreements, workplace disputes, problem employees, redundancy payouts, union negotiations, Modern Awards, etc
- Provision of relevant Industrial Awards, including interpretation and advice on issues such as annual leave, personal/carers leave, long service leave, allowances, wage rates, classifications etc
- Work, Health & Safety (WHS) advice
- Workers Compensation advice
- Benefits of Membership of an Association that specialises in waste & recycling business issues for employers
- Access to insurers who have a very specific understanding of transport and waste industry issues
- Waste industry courses and training through our training alliances (Fatigue Management, Chain of Responsibility & Overhead Wires) with TAFE NSW-Sydney Institute
- Liquid Waste Group
- C & D Waste Group
- Scrap Metal Recycling Group
- ACT Waste Management Group
- Advice and representation to State and Local government (issues include contracting, working hours, safe work plans, etc)
- Acts and regulations eg. Long Service Leave, Australian Road Rules, Motor Traffic Act, Annual Holidays Act, Dangerous Goods, NHVR etc
- NSW EPA advice and representation
- Formal partnership with SafeWork NSW
- Networking with other companies in your waste & recycling industry
- Opportunity to participate in meetings & events for our industry
- Active participation in industry decisions that will affect your business
- Regular monthly WCRA Executive meetings to discuss current issues and an opportunity for your organisation to influence industry outcomes
